## Day 1 : The green mountains of Ala Archa

Your guide will pick you up at 8 a.m. in the lobby of your hotel. We head towards **Ala Archa National Park**, a natural reserve with high, steep peaks, located 40 km (25 miles) south of Bishkek.

We start our hike at the base camp, located at 2200m (7218ft) above sea level. We start our walk in a beautiful pine forest, until we reach the magnificent **Ak-Sai waterfall**, where we stop for lunch. Then we continue our way on a steep, rocky slope up to the Ratsek hut, at 3200m (10499ft). This is where we'll set our camp.

## Day 2 : Summiting Peak Uchitel

After an energetic breakfast, we take our hiking poles and go off to a day of adventures. Our goal for the day is to reach the **Uchitel Peak**. The trail is difficult, steep and rocky. We walk accurately and slowly. Step by step, we gain in altitude and reach the snow. The 1200m that separate us from the summit require acclimatization, so we do not rush. Finally, at the summit, you'll be breath-taken by a panoramic view on the **Tian Shan mountains** and their glaciers.

After this moment of unity with nature, we head back towards our camp. The way back will be accompanied by an amazing view on the glaciers.
